

PENN CORPORATE RELOCATION SERVICES
MONEY SAVING HINTS FOR RELOCATING YOUR HOME

Penn's Professional Movers have a few suggestions, which will SAVE YOU MONEY on your local residential move:

1. **Disconnect all Appliances** - Disconnect and drain water hoses on washer. Empty refrigerator and disconnect icemaker. Turn off gas to dryer and disconnect.
2. **Disconnect and bundle cords** on TV's, Computers and Stereo components.
3. Drawers can be left filled with light clothes in dresser. Remove any valuables, fragile items, and items that may spill.
4. **Pack all** dishes, books, linens yourself. Closed (taped) cartons are preferred - but not overflowing and not too heavy. **Penn** offers **free wardrobe cartons** for hanging clothes -- ask about it.
5. **Move smaller mirror**, pictures, plants, cartons, and other small items yourself before moving day, if possible.
6. **Place cartons/boxes in garage** and stack (safely) approximately 4' high, so that they can be quickly loaded with a dolly by movers.
7. **Prepare your house** for moving day. Secure the back gate, screen doors and/or remove doors when necessary. Try and remember what problems you had moving in, so you can advise the movers.
8. **Carry back yard items** to the front so they can be easily loaded on the truck (i.e. barbeque, patio furniture, plants, etc.).
9. If applicable, **Reserve elevators** with Apartment Managers. Check to see if the Apartment can pad their elevator for you (we will do it otherwise).
10. **Arrange parking space** for the truck at both pickup and delivery. Parking your autos on the street will reserve a place for the Penn truck.
11. **Plan and measure** where your furniture will be placed in your new home. Post furniture layout or plan in room for easy and accurate furniture placement. Don't waste time shifting furniture around on moving day.
12. Call the **best mover in Orange County** with the **lowest hourly rate: PENN CORPORATE RELOCATION SERVICES (714) 808-9300 or email us at info@pennservices.net**.
